

Save FUEL Gasoline - Diesel – BioFuel - CNG -- ECOFuelMax

As fuel prices rise Individuals, Companies and Municipalities are installing the ECOFuelMax Fuel Filter/Enhancer. Reduce fuel Consumption 5% to 10%+. No Chemicals, Maintenance or Motor modifications required.

By: [ECO Fuel Systems, LLC](http://www.ecofuelmax.com)

BOCA RATON, Fla. - July 6, 2021 - PRLog -- Since 2000 the ECO Fuel System has been successfully installed on tens of thousands of diesel School Buses, Transit Buses, Trucks, Heavy Equipment and Gasoline powered Vehicles.

For over 10 years NASA, US Border Patrol and the US Army have been using it on vehicles ranging from Security and Border Patrol vehicles to large Army Tanks to reduce fuel use and black smoke from Tanks.

The ECO Fuel System works on the scientific principal of Electrolysis. As fuel passes through the ECO Filter its combustibility is increased causing a cleaner and more efficient burn. Cleaner burning fuel increases performance and longevity.

The ECO works on all fuel types. Diesel motors in addition to reducing fuel consumption reduces Carbon Pollution/Particulates reducing DPF Maintenance and DEF use 40% to over 70%. Certified Testing Laboratories reports show it reduces NO_x and Greenhouse Gases. Go on-line and read the reviews.

The ECOFuelMax Pollution Solution is low in cost \$295-\$495 depending on motor size, and is easy to install. No motor modifications no warranty issues the ROI on a diesel truck is less than 10 days. All ECOFuelMax fuel systems come with a No Risk 90 day money back guaranty. The ECO has been BBB A+ rated for over 12 years, because it works!
